

HCL4046BLS

No	Description	No	Description
1	7-inch rubber push wheel cover - L	66	Grass guide
2	7-inch rubber push wheel cover - R	67	Plug
3	Hexagonal flange anti-loosening nut	68	Blade knob
4	7-inch rubber push wheels	69	460 blade (large hole)
5	Hexagonal locknut	70	Inner plum blossom head self-tapping screw
6	460° height adjustment linkage	71	Blade positioning seat
7	Adjusting the connecting rod tension spring	72	Motor base
8	Front axle	73	External hex bolts
9	Front axle mounting bracket	74	460 push lawnmower motor
10	Semi-circular head square neck bolt	75	Battery compartment
11	Front axle pressure plate	76	Controller
12	Hexagonal flange anti-loosening nut	77	Cable pressure plate
13	Lithium-ion self-propelled vehicle	78	Left casing
14	Self-propelled vehicle mounting bracket	79	Left wiring cover
15	Flat washer	80	Decorative cover-L
16	Rear wheel axle sleeve	81	Plug-in holder
17	Deep groove ball bearings	82	Torx pan head self-tapping screws
18	Shaft elastic retaining ring	83	Strong magnetic magnet
19	10-inch rubber self-propelled wheel cover	84	Phillips head countersunk self-tapping screws
20	L gear	85	Left battery socket
21	Gear pin	86	Cylindrical pin
22	Self-propelled gear	87	Transparent cover
23	10-inch rubber push wheel	88	Flip hook
24	10-inch rubber self-propelled wheel cover - L	89	Right battery socket
25	10-inch rubber self-propelled wheel covers - R	90	Right case
26	Self-propelled rear axle	91	Decorative cover-R
27	R gear	92	Right wiring cover
28	Gear shift adjustment torsion spring	93	Push rod fixed lock nut
29	Gear shift lever connecting plate pin	94	Flexible cylindrical pin
30	Gear lever fixing plate	95	Push rod fixed lock nut spring
31	Gear shift lever assembly	96	Push rod fixed lock nut pin shaft
32	Internal Torx pan head screw	97	Push rod telescopic rod lower plug
33	Raise the right handle	98	Push rod fixed lock nut bushing
34	Raise the left handle	99	Telescopic push rod
35	Open retaining ring	100	Telescopic push rod clamping pad
36	Gear plate	101	Push rod telescopic rod plug
37	Side outlet connector	102	Push rod clamping rubber pad
38	Side row bracket	103	Telescopic push rod clamping seat
39	Semi-circular head square neck bolt	104	Telescopic push rod clamp
40	Side-mounted pins	105	Cylindrical pin
41	Side exhaust cover with double torsion spring	106	Telescopic push rod clamping cover
42	Side row cover	107	Telescopic push rod sleeve
43	Hay collection box cover	108	Switch panel holder
44	Hay collection box handle	109	Speed control potentiometer
45	50L hay collection bag	110	Infinitely variable speed pulsator
46	Tip cover	111	Starter lever limit block
47	Inner plum blossom head self-tapping screw	112	Starter lever seat spring
48	Flat washer	113	Start button spring
49	50L hay rack	114	Switch panel cover
50	Semi-circular head square neck bolt	115	Start button
51	Push rod lower bushing	116	Start lever
52	Right armrest support plate	117	Starter lever base
53	Semi-circular head square neck bolt	118	Start button press block
54	Rear seat cover torsion spring	119	Self propelled trigger
55	Rear cover	120	Self-propelled trigger spring
56	Left armrest support plate	121	Trigger switch
57	Rear cover pin	122	Micro switch
58	Inner plum blossom head self-tapping screw	123	Flat washer
59	Hay box hook	124	Telescopic upper push rod
60	Automobile line	125	Push rod connecting sleeve
61	460 Hand-push Iron Chassis	126	Armrest
62	Front face	127	Sponge sleeve
63	Self-tapping screws with inner ribbed head	128	Main cable
64	Rear wheel axle pressure plate	129	Bel lows
65	Inner plum blossom head self-tapping screw
